Dear mr Hantz,

Thank you very much for your investigation of the possible plagiarism of my thesis. I checked the paper you mentioned (Immunohistochemical Evaluation of Sentinel Lymph Nodes in Colon Cancer (Sorlea, ., Branzaniuc, ., C. Copotou, 57/2: 113-115, 2011, Acta Medica Muresiensis) and I totally agree with you that the majority of the contents of this paper is a literal copy of chapter 4 of my thesis. This chapter has also been published (Scand J Gastroenterol 2006; 41(9):1073-1078). I attached both my thesis as well as the paper that seems to be plagiarism files to this email.

If there is anything else I can do, please let me know.

Kind regards

Wendy Kelder
